

The **WISE** Choice

SURGE PROTECTOR

► EM SP6W

Max. 2500W Max.10A 250V~

► EM SP6W USB

Max. 2500W Max.10A 250V~

USB Output DC 5V, Total max.4.2A

Electrical Appliances

(200 - 230VAC)

Power Consumption Chart

Hair Dryer	1000W
Iron	750W
Fax Machine	55W
Inkjet Printer	52W
PC	180-300W
LCD TV	40-60W
DVD Player	25W
Video Cassette Player	40W
Mixer	100-140W
Refrigerator	800-1200W

Technical Specs

- Rated Voltage 230/110VAC
- Frequency 50/60Hz
- Rated Current 10A Max (Single Phase)
- Power Indicator Neon Type
- Output Socket 6X Universal Type

Environment

- Operating Temp : -20C ~ 90C
- Storage Temp : 35C ~ 95C
- Humidity : - ~ 95% RH (non-condensing)

Features

- Max Load (2300W(230V 10A)
- Universal Output Sockets
- Surge & Thunder Protection
- EMI/RFI Filters Protection
- Circuit Overload Breaker Protection
- Fire Proof Design
- 10,000 cycles push-button switch
- Long life span with 5,000 cycles insertion
- High-temperature and fire resistant plastic material
- Highly conductive Integrated brass bar
- German VDE certified 3* 1.0mm cable

Technical Specs

- Ensure that the maximum load is less than 10Amp
- Don't use in wet, damp or moist conditions
- Don't use if the plug, lead or the socket is damaged.
- Tee years warranty Failure to comply with installation and safety instruction voids the warranty
